Explore God's invitation to care for creation

Saturday, 7th November 2026
9:30 am – 3:00 pm

Highfields Library,
Grey Gum Room,
32 O'Brien Rd, Highfields, QLD

Theology, creativity, time in nature, rich discussions, no cost, 'bring and share' lunch

A Rocha is delighted to be working with Dr Sally Shaw, and we invite you to explore ways to better connect your faith with caring for creation through this hands-on, faith-based workshop.

As a Christian, educator and environmental advocate Sally's passion is helping others care for the earth as more than an environmental responsibility, but a spiritual calling. Now based in SA, returning to Toowoomba holds special significance to Sally who lived there from 1996-2000 during which time two of her three children were born.

Through this workshop you gain:
· a renewed biblical understanding of creation care
· personal creative expressions inspired by the natural world
· practical ways to integrate earth stewardship into daily life and community worship
· a deeper sense of calling as caretakers of God's Earth.

To register scan below, and message sallyashaw@gmail.com for catering purposes (morning tea will be provided).
Please bring a lunch dish to share (vegetarian if possible).
Bring appropriate clothing for an outside activity.

For more information about Sally and the workshops go to www.theoterra.au and contact Sally at the above email or 0418154195 if you have any questions about the day
